Howard Katz and Allen Moore

🌀 The Power II Be Your Best - Apple II Forever 🌀

Welcome to KFEST [00], once again being held at Avila College in Kansas City, Missouri! We hope you enjoy the conference, special events, and meet new friends at this once-per-year computer expo specifically for Apple computers, especially the Apple II line.

Room Assignments:

Everyone has been assigned a roommate based upon your stated preferences at registration. If there is a problem with your room, please contact a KansasFest staff member at the registration desk. Please note that anyone 18 or younger must be accompanied by an adult!

Meals :

Meals will be provided by Avila College in the cafeteria at the assigned times listed in the schedule. If you have paid for a dorm room, all meals are included with your KansasFest registration.

If you are not staying at Avila College, meals are still available. To order a meal, please contact an Avila employee in the cafeteria. KansasFest is not handling meals that have not been pre-paid as part of a dorm registration.

<http://www.kfest.org>:

The KFest Web Site is hosted by Eric "Sheppy" Shepherd and maintained by David Kerwood. The email list is the "domain" of Devin Reade.

They all deserve our appreciation for providing year round communication for anything/everything related to KFest.

HackFest:

Once again KFest features this special programming contest. Whether you attend as a participant or an interested observer you're sure to enjoy this unique event!

While you're there, don't forget to thank Eric Shepherd for all the work he did to make HackFest [00] possible!

Special thanks to Max Jones (Juiced.GS), InTrec Software, Geoff Weiss, Tony Ward, and two anonymous donors for their generous prize contributions.

The Apple II Spirit:

This is always a very special part of KansasFest and everyone attending keeps this spirit alive by adding something to our celebration of the computer and the attitude it generated. A special thanks to all for your contributions this year and every year!

Rules of Conduct:

Because of some minor problems with previous KansasFests, Avila College would like you to be aware of the following rules to be followed while attending KFEST [00].

- ❖ No fireworks or explosives of any kind, including dry-ice bombs will be allowed - NO EXCEPTION. Anyone using any sort of firework or explosive will be expelled and their registration will be forfeited.
- ❖ KansasFest attendees are not welcome on dorm floors, rooms, or other areas that are being used by other conferences. Please keep to the areas assigned to KansasFest and please don't wander about Avila without reason.
- ❖ Because of state fire regulations (not to mention common sense and respect for other people), there will be no commandeering of elevators for any reason. All elevators are to remain operating at all times! This is also grounds for expulsion from KansasFest.
- ❖ Please note that Avila is a "dry" (alcohol-free) campus.
- ❖ NO RUNNING ETHERNET CABLES!!! This is very important! There are ethernet jacks in each room. Several KFest attendees have made sure AirPort access is available as well. If you need to use a modem there is also a phone jack in your room and there should be no need to run any cables.
- ❖ There will be no smoking in any building at Avila College except for dorm rooms that have been designated as smoking rooms.
- ❖ There should be no excessive noise after 10PM. Remember that other conferences with members who may keep regular hours will be at Avila at the same time as KansasFest. Since most of us are night owls, we will have to keep things down after normal sleeping hours.
- ❖ Finally, and this is worth repeating, please respect other conferences that are being held at Avila at the same time as KansasFest! This includes the noise rule and the "Don't bug other conferences" rule above, as well as walking in on their events and accosting their members.

As We Begin

The entire KansasFest staff would like to wish you the VERY best of times at our little get-together. We hope that KFest [00] will leave you with many happy memories and some new friends. And, of course: **APPLE II FOREVER!**

Schedule of Events

Note: Schedule subject to change.

L3 * 3rd floor lounge, Ridgway Hall Dorm
RH * Ridgway Hall Dorm

Description of Conferences

Please see the schedule for a complete chronology of events

🕒 Wednesday 🌟

Keynote Address

☐☐ Tony Diaz - Apple2.org

The official KFestival "kickoff" by one of the celebrities in the Apple Universe. You don't want to miss this! A Walk Through KFestival Past.

Informal "Caravan" to Apple II Hardware Heaven Gone Past, but you might find something anyway...

☐☐ Sean Fahey (Apple II - Your Dream Come True?)

We'll begin this special trip at the Ridgway Hall parking lot. Maps will be distributed to the drivers as we make sure everyone has a ride to this extraordinary event!

GShisen Contest

☐☐ Syndicomm presents the GShisen Contest

Once again. Can you beat your best? Can you beat *the* best?

🕒 Thursday 🌟

HackFest)(00)(Begins

☐☐ Eric Shepherd - Syndicomm

On your mark, get set, program during the extended hours of this year's HackFest. Good luck to all participants!

Users & Groups.

☐☐ Howard Katz (User Group Administration)

One of the best ways for Apple II users to get the most out of their computers is to learn from others. User Groups are a way of finding other A2 fans in your area and getting together to discuss Our Favorite Computer. Sandy Warnken and Howard Katz will discuss what's involved in setting up and maintaining a User Group in your area, with the help of other experienced UG leaders attending Kfest.

Eric Shepherd "Project Barney Unveiled"

Syndicomm unleashes its hush-hush "Project Barney" upon the unsuspecting Apple II world.

Four Score and Seven Issues Ago

☐☐ Ryan Suenaga

Juiced.GS production: We guide you through the transition of Juiced.GS from a one man show in Indiana to a national (international?) team approach.

2001: Creating an Apple II Renaissance

☐☐ Eric Shepherd

Eric Shepherd leads an open forum on projects to prolong the life of the Apple II, including status reports on projects begun at KFestival 2001.

🕒 Friday 🌟

The Dark Underbelly of Syndicomm

☐☐ Syndicomm owner and operator Eric Shepherd brings us on a guided tour of the inner workings of Syndicomm and its various operations. Find out why Syndicomm Online invoices are always late, and why it takes six weeks to ship some product orders! It's a world of mystery, but it's only dangerous if you don't watch your step.

Apple)(Jeopardy - The)(00)(Edition.

☐☐ Come and play Apple II Jeopardy. Think you know your history? Think again. Come and find out! The questions for this game have been pooled by several active Apple II enthusiasts. This is sure to be a fun game. In addition to the three contestants the audience will also participate in this one. There's even a few weird off the wall questions in there for the true geek in all of us.

Flight Simulator)(

☐☐ A2 Airlines Presents a course in flight simulator software and how "real" it is. Come see how flight navigation works. We'll be using X-Plane 6 but everything you hear applies equally to both real and simulated flight.

🕒 Saturday 🌟

Cold Fusion - CFFA

☐☐ Howard Katz & Eric Shepherd

Join Howard and Sheppy in a demonstration of the newest storage medium for the Apple II: Rich Dreher's Compactflash for the Apple II interface card. This demonstration will focus on setup and usage of this card.

HackFest)(00)(Ends

☐☐ Eric Shepherd - Syndicomm

Hope everyone did well and enjoyed the competition! The prizes will be awarded later today after the judging is complete.

Swap Meet and Vendor's Fair

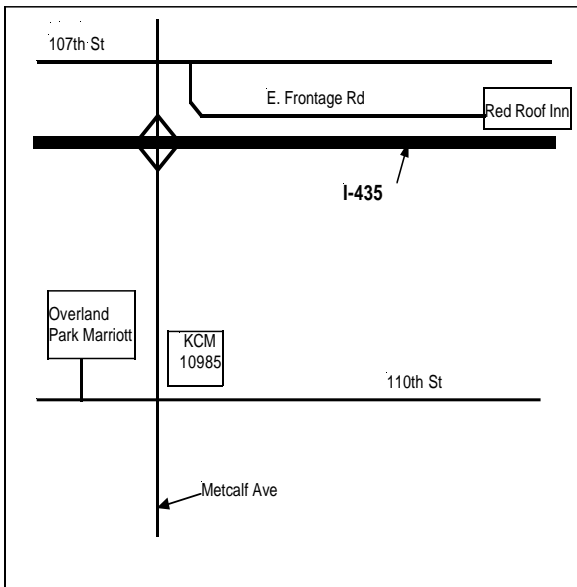

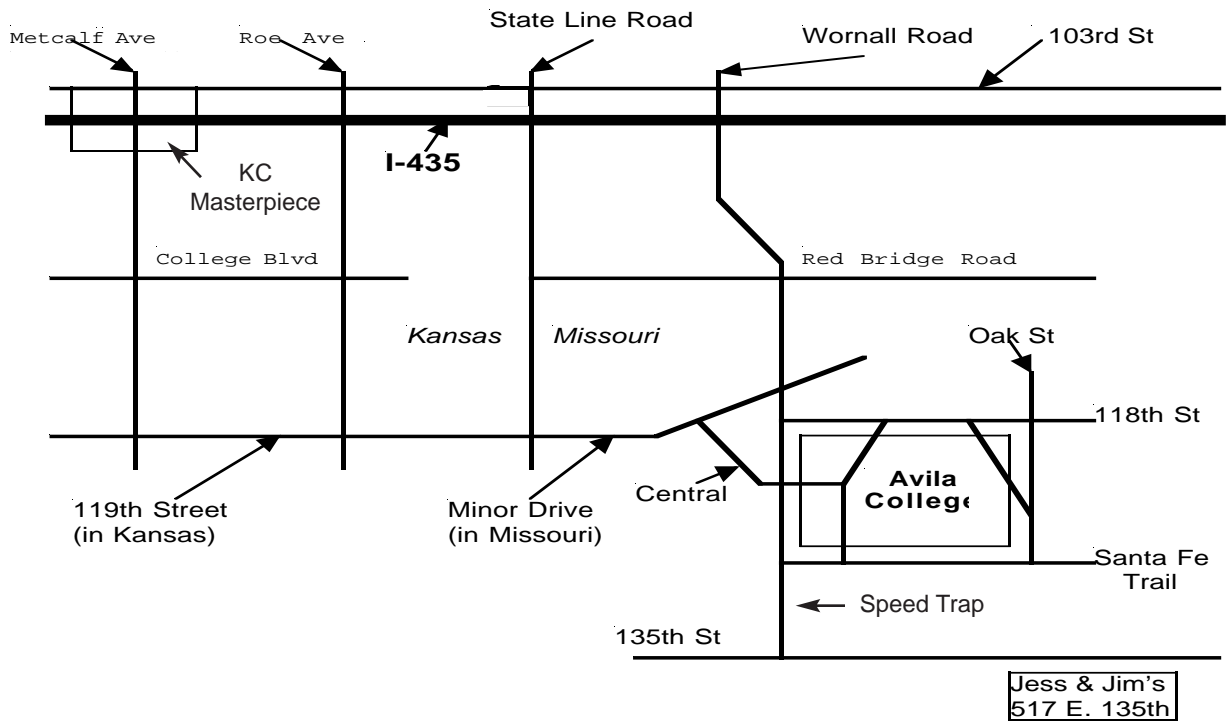

☐☐ The Swap Meet and Vendor's Fair is an opportunity for you to buy, sell, or trade extra computer equipment, software, or books that you have or want, and for vendors to display their products. Some of the vendors will be offering special KFestival discounts during the Meet so do check in!

Kansas City

(The Local Area)

*Some maps are not to scale. ;-)
